Academic Integrity:

The instructor and Assumption University value and enforce academic integrity. All students must understand the meaning and consequences of cheating, plagiarism and other academic offences.

Plagiarism is defined in dictionaries as the “wrongful appropriation,” “close imitation,” or “purloining and publication” of another author’s “language, thoughts, ideas, or expressions,” and the representation of them as one's own original work. – Wikipedia

Any work submitted that is deemed plagiarized work (e.g. without citing the origin of the idea or writing) will receive a ZERO for that submission. More importantly, your action is subject to the university committee for academic integrity. The punishment, if found guilty, is the same as what you will receive when you are found cheating in an exam. That is, you will receive an F for the course.

CLASSROOM POLICIES

ATTENDANCE POLICIES

To comply with the Office of the Higher Education Commission Requirements:

- If any students miss more than 6 classes, regardless of any reasons, he or she will not be allowed to take the final examination.
- The Dean, Department Chairperson, and Lecturer of this subject are empowered to withdraw or withhold correction of the final examination papers from students lacking class attendance requirements without the students' consent.

CHEATING POLICIES

If any students or a group of students will be caught copying, partial/entire project or hire outside or inside person to do their works, the faculty consider such act as a serious matter which will automatically result in 'F' grade for an entire group.

CHANGING SECTION

Students are neither allowed to study in other section they have not enrolled for, nor do the project with their friends in other sections. The lecturer does not have any authority to allow his/her students to switch section without proper authorization from the registrar.

CLASS PARTICIPATION

In compliance with the University's policy on class attendance, the ABAC School of Management requires all students enrolling in courses offered by the School, to obtain a minimum of 80% class attendance to be eligible to sit and take the final examination.

The 20% absence is the maximum number of allowable absences. It is inclusive for all excuses, i.e., sickness, personal and family matters, business trips, and other personal reasons. It is therefore, the student's primary responsibility to determine the necessity and ascertain the number of times of their absences. For a 3-credit hour subject, with one-and-a-half hour, students are allowed to miss the class 6 times, and with 3 hours class, they can be absent 3 times. It is always desirable for students to reserve at least 2 allowable absences for some unanticipated situations, i.e. sickness or business trips that might result in their absences. Generally speaking, as they have paid tuition fees for 45-hour class (for 3-credit hour subject), students should not be missing any classes in order to obtain maximum value for what they have paid for.

It is always arguable whether class attendance has any correlation with passing or failing a subject. Nonetheless, it is the student's effective time management and discipline to attend classes that enable them to meet minimum attendance requirements and thus appear for the final examination.

It is not up to the students to decide whether a lecture is too simple and hence, not necessary to attend. On the contrary, it is the students' primary duty to provide feedback to the concerned Department Chairperson regarding the perceived poor performance of their lecturers, i.e. not being punctual, not preparing well for class, not using English in class, and being too critical for class evaluation at the end of the semester.

Class attendance can only be checked for the section the student is registered in:

Students are not allowed to ask lecturers to check their attendance in sections other than the one they have enrolled in. Nonetheless, to give students an opportunity to catch-up classes that they have missed or to review certain topics they did not understand, students are permitted to audit lectures in other sections, given that the lecturer of the section grants permission. Please keep in mind that the permission of the Lecturer to audit his/her lecture in other sections does not imply that students can receive class attendance in those sections – there is no such thing as 'make-up class attendance.'

Speak English in Class

All students must speak English in class both to teacher and peers. The complaints from international students who cannot participate in group-work due to the language barrier such that local students do not communicate in English will seriously be considered for penalty.

Communication Devices in Class

Active mobile phones or any communication devices are not welcome in the classroom. If you regularly carry one of these devices during the day, make sure you turn it off before the class starts.
